

Asking and answering questions

Read the text.

Dear friend,

I'm writing to you because I have a problem at school. I really need help. You see, this year, I live in another state and go to a new school. I don't know anyone here and it's so hard to make new friends. I never get email from my old friends. They say they don't have time to write and they never call because they say it costs too much money. I feel lonely and my parents don't understand. They say it takes time to make friends but I feel so left out especially during recess and at lunch time.
